### BCPS Vision:
Baltimore County Public Schools will be among the highest performing school systems in the nation as a result of creating, sustaining, and investing in excellence for every student, every school, and every community.

### School Mission:
The mission of Elmwood Elementary is to provide a rigorous education for all students. Each individual will have access to high-quality instruction which encompasses 21st Century learning skills in a safe and orderly environment. Our innovative and responsive programs will develop the academic, physical and social skills necessary to become globally competitive and responsible citizens.

### ACTION STEPS

#### Culture

Teachers will identify and implement appropriate scaffolds for instruction to promote student independence and to ensure students receiving special education services can access grade level content.

#### Mathematics

**Goal:** All students will achieve mathematics proficiency as indicated by the MCAP assessment.

**Action Step(s):**

- Teachers will implement system programs and resources with fidelity while being responsive to learning variability within the parameters of the programs and resources
- Teachers will use a process for formative assessment including checks for understanding during instruction and adjust teaching as needed based on student progress

#### Literacy

**Goal:** All students will achieve literacy proficiency as indicated by the MCAP assessment.

**Action Step(s):**

- Teachers will implement system programs and resources with fidelity while being responsive to learning variability within the parameters of the programs and resources
Teachers will use a process for formative assessment including checks for understanding during instruction and adjust teaching as needed based on student progress.
