Cooperative Education

The Career Technology Education (CTE) Department is working to take advantage of all that the new year has to offer for our students as they get into the rhythm of the year. We are just about halfway through the 2022-23 school year, and we have much to show for it.

It’s official!
Tech teacher, Ms. McCusker, who was originally brought to Towson as a “temp” teacher for our Foundations of Engineering course, is now an official member of the CTE department. With a BS in Architecture from the University of Maryland, Ms. McCusker brings a practical, updated skill set that focuses on design and technology and will inform her as she works with our students to ensure their success in the classroom and beyond. Her commitment to our students, her interest in teaching, and her wealth of knowledge in the field of structural science have made her an integral part of our Engineering and Tech program. She is a welcome addition.

Teacher Academy of Maryland
Shout outs go to Ms. Nash and her TAM students, many of whom managed to secure top honors in the State-wide Children’s literature competition. The competition welcomes future educators to employ their knowledge about teaching and their creativity to create original illustrated children’s books that look to inform, educate, and entertain. Congratulations to Ray Aoki for winning first place in the State with his book entitled “Kitty’s Big Move.” The other winners from Towson were Olivia Zitco and Ava Johnson, William Gentle, Jordan Jackson, Kyla Suyat and Monica Subedi, Oliver Deitrick and Garrett MacKenzie, Lillywynn Holman, and Cache Davis. Towson had the most winners in the competition! Way to go Team TAM! Congratulations to our future teachers!

Foods and Nutrition: Ms. Moody continues to develop her foods program, offering students opportunities to bake and cook a variety of foods. The most recent project has students working on baking their version of focaccia. This provides students with the opportunity to contemplate the subtle differences between focaccia and pizza (amount of yeast, and amount of rise), as well as giving opportunities to be creative as they decide what to include for their focaccia toppings. Fun fact: focaccia and pizza are actually considered open faced sandwiches.
Lunch and Learn: It’s what’s for lunch in our School to Career Department (a subsidiary of our CTE)
We are working on developing Lunch and Learn sessions where students can learn about careers and network with professionals. The sessions will be held during the lunch shifts (11:00 - 12:50 pm) and our first session will be on March 9, with an audio engineering group who will discuss current industry trends, the educational requirements for the field, and answer student questions. Morning announcements will be made prior to the dates and students will need to sign up on the sign-up sheet posted on the door of room 201.

Interested in being a part of our Lunch and Learn sessions?
Are you someone who might like to share your insights about your career field? Nurse Practitioner? Electrician? Physicist? Plumber? No matter the field, we would welcome your insights and help as we look to provide our students with information about occupations that may be of interest to them. **If you would like to be a part of the Lunch and Learn sessions, please let Mr. Brotman know at jbrotman@bcps.org.**

Junior Interview Day is scheduled for Wednesday, April 19th!
Grab your suit and tie! The CTE department is excited to announce that we are back in business with our Junior Interview Day event, which is scheduled for April 19th, 2023. We will be interviewing ALL our juniors that day in an effort to give them an authentic interview experience with a professional. Our volunteer interviewers are affiliated with a wide range of organizations that include small businesses and large international firms.

Interviewers will have one-on-one interviews with juniors and provide a performance critique. For many of our juniors, this is the first time that they have had the opportunity to engage in a professional interview and, while a bit anxiety provoking for some, it is a rewarding, confidence building experience. Our Generals ALWAYS impress!

We will prep our students for the event during their English classes when we will review the components of proper interview attire, provide pointers for resumes (a requirement for the interview), and discuss the protocol for the day. We are excited for this confidence building experience!

Volunteers for Interview Day needed!
We are always looking for professionals who are interested in volunteering for this rewarding experience. If you are interested in helping on April 19th, click on the link below to sign up for one of the three sessions for the day. Mr. William Buick Jr. has taught Latin at Towson High School for more than twelve years, with the first three years of that time completed as a split between THS and Dumbarton Middle School. "I enjoy watching students explore the content and then enrich their own lives with it. It's one of the best parts of the job."

Another is working with colleagues to design activities and strategies that help student make those connections. "When you work long enough alongside others, you form bonds around your shared purpose," he says. "I've found Joyfulness and laughter here. For this, I am grateful every day."

Mr. Buick was nominated by another faculty member stating “he always goes above and beyond for his students. Recently, he thought of some very creative solutions that catered directly to a specific student’s future career goals to get her engaged and excited about learning.” The school community is lucky to benefit from this outstanding teacher! A special congratulations to Mr. Buick!
The SGA held the first ever Culture Fair on Thursday January 26th from 4:30 to 6:30 before the class of 2023’s talent show!

The Culture Fair was be a free-entry event where students hosted booths to showcase various cultures. This event was not just for students but for the community to participate in a culture exchange and take part in various activities.

We had six 10-minute cultural performances. These consisted of dances, songs, stories, and even instruments unique to students’ cultures. We are excited to showcase Towson’s various backgrounds and experience the joy of a multicultural experience with-in the wider community.

We had representation of the following cultures and organizations:

- South Korea
- Kenya
- Palestine
- Brazil
- Greek
- Nigeria
- Ghanaian
- Pakistani
- Egypt
- Korean
- Muslim
- Nepali
- Chilean
- China
- Black Student Union
- Muslim Student Union
- French Honor Society
- Spanish Honor Society

This event was extremely enriching and fun for everyone in the community and it provided an opportunity for students to not only see different cultures but engage with them on a personal level.

Special thanks to SGA advisors, Mrs. Lambert and Mr. Olson. Pictures will be in the next newsletter which will be published on Friday, February 10, 2023.
Application season for the Towson High chapter of the National Honor Society is on the horizon! The National Honor Society recognizes juniors and seniors who not only meet high academic standards, but also pursue greatness in leadership and service.

For 2022-2023 candidates, applications will be open from February 20th to April 17th. Applications are open to current sophomores and juniors. Specific information for applications will be sent out in early February.

**Meet Kiana Roberts, PTSA Vice President + Scholarship Chair**

Being a part of the PTSA allows me to both gain and contribute to the Towson school community. I am able to gain information, resources and insights from other parents, teachers and students as well as contribute to the school community through advocacy and volunteering. As a working parent, being able to gain some insight into both the challenges and success at the school has helped frame several conversations with my daughter (c/o 2023). Both my daughter and I hope our involvement shows other students and parents the importance of making sure you have a seat at the table and that change does not come through standing on the sidelines. It has been an awesome experience and I encourage other parents to get involved too!

Attendance Matters! #EveryDayCounts #BCPSRollCall

Research has shown that attendance is a leading predictor of academic achievement and adult success. Students who find attending school important are more likely to attain goals like attending trade school, college, or getting a job. By showing up to school every day, students develop a positive work ethic and prepare for future success by developing healthy and productive habits. Our goal is for students to attend school at least 94% of the time. By missing just 2 days a month, students will end up missing 10% of the school year. Below are some tips and reminders to help your student attend school regularly. Thank you for your continued support and involvement in ensuring that all of our Towson Generals become life-long learners and productive global citizens.

Student attendance records are available to review in real-time on FOCUS. Follow the directions on our website to access your student’s information in the FOCUS Parent Portal. Go to https://towsonhs.bcps.org, hover over “Parent Resources,” and select “Parent/Guardian FOCUS Account Access.” If you notice a discrepancy in your student’s attendance record, please contact the Main Office.

“Weekly Attendance Reports” are emailed to each custodial contact on Friday afternoon. Please review this report with your student. Please contact your student’s teacher(s) with any concerns.

The school day begins at 7:35 AM. If a student arrives late to school during 1st period, they are to report directly to first period, and their 1st period teacher will record their attendance as tardy but present for the day. If a student arrives to school after 1st period (after 9:00 AM), they are to report directly to the Main Office. If the lateness is excused, the student should bring an excuse note from their parent/guardian.

After an excused absence, students should bring an excuse note from their parent/guardian so the absence can be marked as excused. Excuse notes should be dropped off in the bin outside of the Main Office. If your student is absent for multiple days, please contact your student’s School Counselor and inform them of the absence. School Counselors will notify teachers and can collect missing work for your student.

Attendance is reported on students’ high school transcripts. Colleges and future employers that receive students’ transcript will be able to see the number of absences that were accrued each school year.

Students who are under 16 and are applying for their Learner’s Permit must complete the Maryland Motor Vehicle Administration Verification of School Attendance form. The form asks school officials to sign and seal that the student has not had more than 10 unexcused absences during the prior school semester.
**Internships**

Applications for our internship program (for rising seniors) are available on Schoology. Students should swing by room 201 to scan the internship QR code on the door or make an appointment to speak directly with Mr. Brotman. The application, program requirements, and expectations are outlined in the Schoology group, but feel free to email Mr. Brotman with questions at jbrotman@bcps.org.

**Partnerships**

Our internship department is always looking to partner with organizations, firms, and businesses, who might be interested in hosting a Towson High student as an intern. Should you, or someone you know be interested in providing an authentic experience in a professional field of interest like law, medicine, or business, to name a few, please reach out to Mr. Brotman at jbrotman@bcps.org.

**Interview Day**

Our interview day is scheduled for April of 2023. Seemingly a long time from now, however in preparation, we are making an early call for anyone in our community who may be interested in being a part of this rewarding experience. All juniors will be interviewed that day, and we want to ensure that we provide them with an authentic interviewing experience. If you would like to volunteer as one of our interviewers, or have any questions, please do not hesitate to reach out to Mr. Brotman at jbrotman@bcps.org.

**Looking for a job? Interested in posting a position you need filled?**

For students interested in looking for a job, or curious about how to go about doing so, swing by room 201 to make an appointment to discuss the finer points of finding a part-time job.
