On return to school this '23-'24 School year, please be reminded of the following:

DISCRETIONARY MEDICATION FORM

Please fill out this form to allow the nurse to provide over the counter medications to your student if needed/appropriate for minor aches/pains or conditions.

Please note:
- The form must be completed and signed by a parent/guardian. Please include all medical conditions, allergies, and updated contact information.
- Only the medications you check off will be provided to your student (if determined to be necessary by the Nurse).
- Ask your student to drop it off directly to the Nurse’s office to ensure it gets here.
- OR use QR code to fill it out electronically and then email to Nurse Kisser! MUCH EASIER! akisser@bcps.org

DOCTORS IN SCHOOL MEDICATION ORDERS

If your student will need to be given prescription medication during the school day, you will need a Parent Request to Administer Medication In School form to be completed by the prescribing provider (Doctor or Nurse Practitioner). This includes doctor’s orders for inhalers, insulin, epi-pens, medications for ADHD, migraine, seizure and other chronic conditions.

Please Note the following:
- All doctors’ orders for ‘23-'24 school year should be dated no earlier than July 1st, 2023.
- Please make sure the parent/guardian also signs the orders.
- All orders and medications should be hand delivered to the school nurse by the parent/guardian, preferably prior to the first day of school (8/28/23). Please DO NOT send it in with the student as they are not allowed to keep medications on them.
- I will be here at the school the week before starting on 8/21/23 from 7:30-2:45 to receive orders/medications.
