Dear Parents and Guardians,

The Piscataway Board of Education has evaluated numerous student accident insurance plans and has selected the plan offered by Bollinger Insurance. The attached flyer directs you to the website where you can find applications, claim forms, and explanations of the premium rate and limitations of coverage.

www.BollingerSchools.com

If you do not have internet access, you may obtain plan applications in your school’s Main Office.

This student accident insurance plan is a service made available to all parents. If you decide to take advantage of it, we urge you to carefully read all of the information available on the website. Please keep in mind that the policy is a contract between the parents and the Insurance Company. The Board of Education is involved only to the extent of making the plan available to you. All applications and/or claims are to be returned directly to the Insurance Company, not your child’s school.

Any questions regarding the voluntary student accident coverage are to be directed to Bollinger Insurance at 1-866-267-0092.

Sincerely,

Student Accident Plan Options

Basic Plans
For those schools wishing to provide school time coverage for all students, we offer a wide variety of plan options. The school must pay for the cost of this coverage.

Maximum medical expense benefits of $10,000 up to $6,000,000 are available.

Schools may elect to purchase a reduced benefit plan at reduced premium levels. The reduced benefit plan may include co-insurance, deductibles, limited benefits for Covered Medical Services or a combination of these provisions. This feature is available under any compulsory student plan or blanket sports plan. It is not available under the voluntary participation plan.

Please note that under all compulsory plans full coverage is provided for pre-existing injuries for students cleared by a physician for the activity.

Certain plans are only available in certain states—please contact your Bollinger representative for more details.

Compulsory enrollment plans are written with or without deductibles and on a Primary, Primary Excess, Coordination of Benefits, or Full Excess basis as follows:

Primary Plan: This plan provides medical expense benefits on a PRIMARY basis, i.e., payment is made without regard to the existence of Other Insurance Plans.

Primary Excess Plan: This plan provides Primary coverage for claims of $100 or less and excess coverage for claims totaling more than $100.

Coordination of Benefits Plan: Under this plan, claims handling is coordinated with Other Insurance Plans to determine with insurer who should pay which portion of the claim.

Full Excess Plan: Under this plan, benefits are paid on an EXCESS basis, i.e., coverage is provided only for those medical expenses that are NOT covered by Other Insurance Plans.

Your Bollinger representative will be pleased to provide you with a specific cost quotation based upon the plan provisions that best suit your needs and you: budget. We are sure you’ll find our rates to be competitive and our service second to none.
